## Method:

- Use the photo of the finished ornament as a guide when embossing
- Trace the entire design with Special Gold
- Emboss with the medium ball tool as shown
- Emboss lines parallel to the traced edge lines on the inside with the medium ball tool
- Perforate with 4-needle and 2-needle tools
- Stipple the centre area of the flower
- Cut "V" shapes with pergamano scissors along the perforations on the edge
- Cut 4-needle perforations into crosses
- Fix star onto a gold piece of paper
- Thread gold thread through one cross shape hole and hang in window.
- Ensure that both sides are the same
- For this you will need to make 2 stars
- This design can also be used for a serviette holder or a card.
